**This unique program provides children an opportunity to experience farm life.**

Depending on the week, students will have an opportunity to harvest berries, peas, cucumbers, garlic, potatoes, tomatoes and more. Spending time with our goats, sheep and pigs is a favorite activity along with checking our nesting boxes for eggs. Baby chicks, turkeys, ducks, rabbits and visiting animals provide engaging opportunities for kids to interact and learn. Every week is sure to include story time, singing, hayrides, harvesting, crafts and centers. Each week consists of different activities, so sign up quickly while spaces are available! This is a child-centered program in a nurturing environment.
